MAJOR HOLMES' LETTER

taken out and this tube restored to its Leads to Organization to Aid the Confederate Home.

From the Dallas News. in the following letter from Major H. M. Holmes:

Austin, Tex., July 30,-Col. Wiley, Dallas: Dear Colonel-Would it not be well for us old boys who wore the found at his work in the Jefferson Iron blue to take some overt and active measures to help and aid the men who c. N. Sawyer, road and bridge, \$45; fought us "manfully under shield" in Hutchings Printing House, \$15.50. the long ago?

I have thought that perhaps if some of those who occupied comparatively prominent positions in the Union army would take hold and get up an appeal it might serve a good purpose and doubtlessly would be responded to generously by our people.

You are known and endeared to this people as one identified with Texas and with whom the war was but one scene in the panorama of your life on which the curtain has dropped and left you, as it has me, with "love and tears for the gray" as well as "love and honor to the blue."

Our people in Texas have been honored and met with full and generous hearts by those against whom we fought, and it seems to me that out of the good things with which many of us have been blessed in our sojourn in this grand southland we should be willing, nay more, anxious to share our "haversacks" with these men who, with a gallantry unsurpassed in the annals of history, contended against us for what they thought was right for four long years. It seems to me that the honor of coming victorious out of that struggte is nothing to the honor that it is now our privilege to obtain by helping to support and aid those of them who, in their declining years, are unable to support themselves.

Now doubtless each G. A. R. post will send a donation, but there are many of us who do not belong to the Grand Army but would gladly align themselves with their comrades in this matter.

Hence, I propose that you draw up an appeal to all soldiers who fought for the Union in Texas, asking their aid in this master and appoint a committee to solicit and a treasurer to receive any contributions that may be sent in.

I would willingly take the responsibility of making that appeal were I known but somehow not being connected witfi the Grand Army of the Repub-Mr. R. D. Cunningham, agent for lic I am afraid that any appeal I might the Milburn Wagon company, received make would fall on deaf cars, but with you it is different. You are known prominently both by all Grand Army of the Republic men and also by Confederates, and your appeal would surry, which for beauty and workman- have great weight and bear much I am, with deepest respect and soldierly regards, H. AN INFAMOUS OUTRAGE.

Doings of a Mob in Eastern Texas-One Arrest, More to Follow. pecial to the Statesman.

Pittsburg, August 5.—A shameful erime came to light here this morning, which, so far as can now be ascertained, is as follows: On the night of June 3 a mob of white men went to the house of Bob Guy, colored, in the western portion of this county, and, with drawn pistols, demanded that they be admitted claiming to be in search of Dick Peel. After being admitted and searching to their satisfaction they went to the house of his daughter in the same yard who refused to admit them, but they claimed to be only in search of Dick Peel. The woman knowing him not to be present and being prevailed on by her mother admitted them when instead of seaching they overpowered her, and two of them ravished her while the others defended them from the attacks from the woman's father and mother. They threatened to kill the negroes if they told it, but in spite of their threats they told it to a few, and on the night of the 28th of June they went back again to whip the old negro, but he stood them off with his gun. One party has been ar-rested and bound over to await the action of the grand jury, and warrants issued for several more.
